Re: Apply for Mobile App Development

Dear Laura and Tanghout,

I am writing to express of my interest in applying for position for Mobile App Development. I am interested in this position because it is suitable with my skills, so I would like to apply a CV to your company.

As my experiences in school project I and II, I am confident to develop dynamic and static website, analyze project, design database, build system, test project, design poster, logos and banner, and develop responsive website. For two-year studied at PNC, I have learnt several subjects such as PHP, JAVA, CMS, Database analysis, administrator, AJAX JSON, Laravel, MVC concept, English, and Professional Life.

I have my commitments when I study in PNC. I understood well with PNC value such as trust, responsibility, solidarity, respect, Demanding approach. Moreover, at PNC I have learning soft skills such as communication, task management, time management, leadership, team work, presentation, etc. Since PNC official language is English, I have really enhanced my English ability on communication.

I am confident that my two years of training and some experiences in leading skills with PNC can demonstrate my capability in this position. If you would like, please contact me through my phone number. Thank you so much for your consideration.

I am looking forward to hearing from you.

Sincerely,

SokkunNorn
